Offers:

10-lesson ticket, introductory offer

Courses (group lessons) for all instruments, singers or additionally to the piano lessons

Jazz & Pop Harmonics I

Subjects: circle of fifth, scales, intervals, chords, chord symbols, voicing, music theory, functions of the chords, ear training, play from a lead sheet.

Entry qualifications: you should be able to read music, and be an intermediate musician - not for absolute beginners

Jazz & Pop Arrangement for Bands

Subjects: harmonic arrangement, improvisation scale theory, bass lines, ear training, lead sheet & ensemble. The main questions are: How do I get nice voicing & left-hand patterns? How do I find good lines (melodie, improvisation lines, bass lines...) corresponding to the chords? How can I make the given chords more sophisticated? Standard chord progressions/ How can chords be combined to achieve a desired sound/ How can chords be connected? ...

Entry qualifications: you should be able to read music, be an intermediate musician (not for absolute beginners), have knowledge about intervals, circle of fifth, chords (symbols), function of the chords, II V I-progressions, cadences, chords on the seven steps of a scale, voicing, lead sheet play, improvisation.

Jazz & Pop Arrangement 2

Subjects: harmonic arrangement, arrangement, composition, application of scales, rhythmic, ear training, ensemble situation.
