Professional Program / Coaching for Teachers / University Preparation with Professors from the Frankfurt Music University

For advanced students, we offer highest quality lessons with very versatile teachers (classical music / pop / jazz / latin, ...) up to **Coaching for Teachers & University Preparation with Professors from the Frankfurt Music University.**

Our teachers have played with Branford Marsalis (sax `Sting`), with Mike Stern (Miles Davis-Band), Derrick James (sax for Whitney Houston), with Ernie Watts (2 x Grammy Award Winner, Steely Dan, ...), for the President of Germany, in the »German Pavillion / EXPO 2000«, at the TV-Sportsgala (ARD), ...

For university preparation we have students from all over Europe. Lessons are mainly given on a grand piano. By using modern keyboards and playalongs, you can prepare yourself for playing with a band (later in different ensembles). Themes like, voicing, ear training, harmony, scale theory, improvisation, arrangement and composition can be integrated into the piano
